Our Product Range - Your Customer Satisfaction

Most spare part dealers offer only specialized programs. We have decided to have a broad product range to meet the demands of workshops in the best possible way. At HC-CARGO, you can get all products from a single source.

The HC-CARGO product range is broad in many ways. Firstly, it is broad in function as you will find all the electrical parts you need to repair vehicles. From spare parts for starters and alternators to the units themselves, A/C compressors, lighting products and many other auto-electrical spare parts.

Secondly, it is broad in applications. Whether for passenger cars, light- and heavy commercial vehicles, industrial, truck, trailers and busses, agricultural machinery, marine or sport- and outdoor equipment applications you will find the right product at HC-CARGO. The conventional workshop will find just as much as the big remanufacturer.
